

Report: MDP on Interventions in the Field of HRM: Trends, Tools, and Ethical Considerations

Date: May 13–17, 2025

Mode: Hybrid

About the MDP

The five-day Management Development Programme (MDP) on “AI Interventions in the Field of HRM: Trends, Tools, and Ethical Considerations” was organized to explore the emerging role of Artificial Intelligence in Human Resource Management. Conducted in hybrid mode, the programme brought together a blend of academic insights and industry perspectives to delve into the practical application of AI tools, the associated ethical considerations, and the future trajectory of AI in HRM.

The sessions were designed to equip participants with an understanding of:

- AI fundamentals in HR
- Predictive analytics for HR decision-making
- AI-based HR analytics tools
- Ethical and legal implications in AI-driven HRM
- Future trends and innovations at the AI-HR interface

This MDP saw enthusiastic participation from faculty members, corporate professionals, and research scholars from across institutions. In total 31 participants attended the session out of which 16 were external and total 24 students registered for offline mode. This MDP was the first ever offline development programmes to be conducted in offline mode.

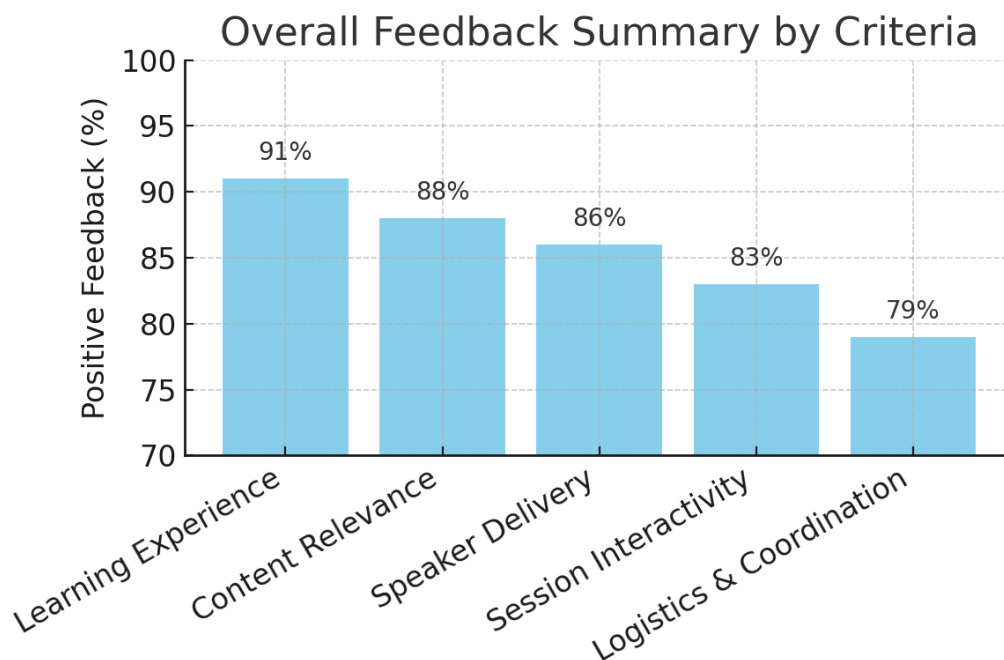

The total revenue earned was Rs. 23725/-. The expense and income sheet is attached along with the report.

Overall Feedback Summary

Participants expressed high levels of satisfaction with the MDP in terms of content relevance, speaker expertise, and learning effectiveness. Key highlights of the consolidated feedback are as follows:

- **Learning Experience:** 91% of participants found the sessions enriching and valuable.
- **Content Relevance:** 88% felt the topics were aligned with contemporary industry needs.
- **Speaker Delivery:** 86% rated the speakers as engaging and knowledgeable.
- **Session Interactivity:** 83% appreciated the interactive nature of sessions.
- **Logistics and Coordination:** 79% were satisfied with the technical arrangements.
- **Suggestions:**
 - More hands-on sessions, especially in online formats.
 - Involvement of AI practitioners or researchers as speakers.
 - Use of collar microphones in offline sessions for better audibility.

Participants strongly advocated for similar MDPs and FDPs focused on AI applications across other management areas.

Session-wise Feedback Summary

The sessions which received highest popularity by the audience were the ones conducted offline viz., Generative AI in Management by Dr. Aman Kumar, Faculty, IIM Ranchi which was a well-structured session with illustrative examples and discussed the various usages of Gen AI in the HR domain; AI-Driven HR Analytics & Decision Making by Dr. Ajay Kr. Chauhan, Founder researchshiksha.com, covering the implementation of MLL and NLP in HR processes along with a blend of research processes and Ethical, Legal & Future Perspectives in AI-Driven HRM by Dr. Shikha Bhardwaj, faculty IIM Sambalpur, which was one of the most appreciated sessions of the programme offering balanced insights into ethics, compliance, and futuristic outlooks and blending the futuristic research aspects also in the same. The moderate to high popularity sessions were Introduction to AI in HR & its Applications by Dr. Radha Yadav, Faculty IIM, Ranchi, discussing the introductory framework of AI in HR; AI-Driven HR Hybrid Analytics & Decision by Dr. Sudhir Yadav, Euler Motors, covering Power BI and Tableau in HR processes, linking hybrid models with HR strategies and the AI driven decision making by Dr. Jayanta Chakraborti, Deaen GIBS, Bangalore which discussed various AI tools used in the HR processes and decision making such as Perplexity, Groq, Google Studio (Handson), Peoplebox AI, Lattice AI and PeopleStreme AI.

Key Takeaways

- **High Satisfaction:** Participants across the board expressed a high level of satisfaction with content, delivery, and organization.
- **Call for Continuity:** There is strong interest in similar programmes, particularly those that integrate tools, analytics software, and domain-specific AI applications.
- **Participant-led Learning:** Suggestions indicate a growing need for practice-oriented modules, indicating an appetite for active learning over passive listening.

Income and Expense Statement

S.No.	Name	Organisation	Registration Amount
1	Dr.Nidhi Srivastava	IMS, Ghaziabad (Univ. Campus)	1500
2	Dr. Indira Priyadarsani Pradhan	IMS Ghaziabad (Univ. Campus)	1500
3	Prof. Kanu Priya	IIMT, Greater Noida	1500
4	Ms. Neha Dhingra	Delhi Institute of Higher Education	1850
5	Dr. Richa Sharma	Lloyd Group of Institutions, Greater Noida	2500
