"EXPORT-IMPORT OPPORTUNITIES BETWEEN INDIA AND RUSSIA"

Event

COIL Project – Collaborative Online International Learning

Held on

Three virtual sessions –

1. Introductory Session: 17th May 2025
2. Second Session: 1st June 2025
3. Final Session & Presentations: 21st June 2025

The COIL (Collaborative Online International Learning) Program was conducted through a series of three virtual meetings between Indian students of GNIOT Institute of Management Studies (GIMS), India and Russian students of Russian Foreign Trade Academy (RFTA), Russia.

1st Session – 17th May 2025

An introductory session, led by the program heads, to orient participants and lay out the structure of the collaboration. Students were divided into mixed India-Russia groups. I was placed in the Exporter's Team, and we collectively selected Fertilizer as the product for research and presentation.

2nd Session – 1st June 2025

A progress meeting where we shared research updates, exchanged insights, and refined our trade model. Communication was ongoing via Telegram, allowing for smooth international collaboration.

3rd Session – 21st June 2025

The final presentation round, where all four teams presented their research and strategies before a panel of industry experts.

Mode

Online (Virtual Collaboration Sessions)

Organized by

International Relations Department,
GIMS Greater Noida, India
in collaboration with
Russian Foreign Trade Academy – University in Moscow, Russia

Program Leadership

The program was conducted under the able guidance of:

- **Prof. Charul Sharma, Head of Global Engagements, GIMS, India**
- **Prof. Irina Shkolyar, Director of International Cooperation, RFTA, Russia**

The COIL initiative was inaugurated with an insightful representation of GIMS at an international platform by **Dr. Bhupender Kumar Som, Director of GIMS.**

Objective

- To promote international student collaboration through a practical export-import simulation project.
- To explore viable trade opportunities between India and Russia.
- To understand cultural, economic, and political factors affecting global trade.
- To develop teamwork, communication, research, and presentation skills in a cross-cultural environment.

Brief Report

The COIL (Collaborative Online International Learning) program brought together students from India and Russia for a live international business simulation project focused on identifying feasible trade opportunities between the two countries.

The first session served as an icebreaker and orientation where students were introduced to the objective of the project, structure of collaboration, and team allocation. I was part of the Exporter's Team, and after initial brainstorming, our group selected Fertilizers as the product for export from Russia to India, considering its strategic importance and market demand.

The second session held on 1st June 2025 was focused on deeper research and intercultural exchange. Teams discussed product feasibility, trade policies, market demand, and challenges. We examined tariff structures, logistics, sustainability, and government regulations. Our team particularly looked into how Russian fertilizers fit both economically and culturally within the Indian agricultural market.

The final session on 21st June 2025 was dedicated to final presentations. Each team showcased their findings through structured reports and visual presentations. Our team highlighted:

- The cultural relevance of fertilizers in India's farming traditions.
- Economic viability based on import dependency, subsidy support, and competitive Russian pricing.
- Real-life examples of fertilizer adoption in Indian states like Karnataka.
- How the 'Make in India' initiative complements rather than conflicts with fertilizer imports.

In the concluding session, each group presented their findings before a panel of esteemed industry experts:

- **Mr. Pankaj Deval**, Business Head at Supreme Smart Power Pvt. Ltd.
- **Mr. Shuaib Mansuri**
- **Mr. Alexander**

The project emphasized not just business analysis but global teamwork, respect for cultural diversity, and the importance of international cooperation in trade.

A total of 5 Indian students from GIMS participated in this student-driven project:

1. Priya Soni
2. Pallavi Narayan
3. Apurva Agarwal
4. Anuja Yadav
5. Shivani Singh (myself)

In my team (Exporters Group), we had the following members:

- Grigorii Politov (Russia)
- Dima Vysotkin (Russia)
- Denis Nosenko (Russia)
- Apurva Agarwal (India)
- Shivani Singh (India)

Key Takeaways

- Gained practical experience in cross-border trade analysis.
- Understood the dynamics of export-import trade between India and Russia.
- Learned to collaborate effectively with international peers.
- Explored how policy frameworks like Make in India impact foreign trade.
- Enhanced skills in research, communication, and digital presentation.

Overall Experience

The COIL program was an enriching global experience. It enhanced our cross-cultural communication, improved our understanding of international trade, and taught us how to collaborate beyond borders. The project being student-driven made us more accountable and connected to our team goals. Working with Russian peers through Telegram added a practical global touch to our academic learning.

Acknowledgment

I extend my heartfelt gratitude to GIMS and RFTA for this international learning opportunity, and to Prof. Charul Sharma and Prof. Irina Shkolyar for their constant support and guidance throughout the program. Special thanks to Dr. Bhupender Kumar Som for representing GIMS on such a prestigious international platform.

Conclusion

The COIL project was a valuable academic and cultural experience that helped bridge classroom learning with real-world international business practices. It offered us a platform to collaborate across borders, understand trade relationships, and strengthen our global outlook. The support from faculty and coordination between institutions made this initiative both impactful and memorable.

Ice-breaking activities

division into groups and selection of goods to be exported or imported

- Farming = core identity of Indian rural life; **over 50% population involved**
- Festivals like **Pongal, Baisakhi, Makar Sankranti** reflect farming importance
- Government schemes & cooperatives drive fertilizer adoption at grassroots
- Real-life success: Karnataka maize farmers improved yield by **14%** after using Russian brands (pilot scheme 2023)

‘जीआईएमएस’ रूसी विदेश व्यापार अकादमी के साथ सीओआईएल कार्यक्रम पूरा करने वाला देश का पहला प्रबंधन संस्थान बना

बिजनेस रेमेडीज/नई दिल्ली

जीएनआईओटी इंस्टीट्यूट ऑफ मैनेजमेंट स्टडीज (जीआईएमएस), ग्रेटर नोएडा ने रूसी विदेश व्यापार अकादमी (आरएफटीए) के साथ सहयोगात्मक ऑनलाइन अंतराष्ट्रीय शिक्षण (सीओआईएल) कार्यक्रम को सफलतापूर्वक पूरा कर देश का पहला प्रबंधन संस्थान बनने का गौरव हासिल किया है।

उल्लेखनीय है कि 17 मई, 2025 को शुरू हुए अंतराष्ट्रीय सहयोग कार्यक्रम में जीआईएमएस पीजीडीएम बैच 2024-26 के छात्र - पल्लवी नारायण, अपूर्व अग्रवाल, शिवानी सिंह, अनुजा यादव और प्रिया सोनी - रूसी एमबीए छात्रों डेन, गिगोरी और डेनिस के साथ मिलकर दो महीने की अवधि में एक अनुकरणीय शोध परियोजना को पूरा करने के लिए काम कर रहे थे। इस कार्यक्रम की अगुवाई 21 जून, 2025 को जीआईएमएस के अंतराष्ट्रीय संबंध विभाग की ग्लोबल एंगेजमेंट की प्रमुख प्रो. चारुल शर्मा ने की।

रूसी पक्ष की ओर से अंतराष्ट्रीय सहयोग की निदेशिका इरिना श्लोकर की साझेदारी में इस सहयोग को सुगम बनाया गया। कार्यक्रम का विजुन सीईओ स्वदेश कुमार सिंह ने व्यक्त किया, जबकि निदेशक भूपेंद्र कुमार सोम ने इस पहल के लिए व्यापक समर्थन और मार्गदर्शन प्रदान किया। जीआईएमएस ने भविष्य में अन्य अंतरराष्ट्रीय विश्वविद्यालयों के साथ इस तरह के सहयोगी कार्यक्रमों का विस्तार करने की योजना की घोषणा की है। कार्यक्रम के समापन दिवस पर भारत के उद्योग विशेषज्ञों के साथ-साथ रूस के व्यापार प्रतिनिधित्व के विशेषज्ञ भी मौजूद थे, जिन्होंने इस परियोजना के लिए जीआईएमएस की बहुत सराहना की। कार्यक्रम के समापन पर प्रो. चारुल शर्मा ने

सभी सहयोगियों और प्रतिभागियों को धन्यवाद ज्ञापन दिया। यह ऐतिहासिक उपलब्धि जीआईएमएस को अंतराष्ट्रीय शिक्षा में अग्रणी संस्थान के रूप में स्थापित करती है और भारतीय प्रबंधन शिक्षा के लिए नए रास्ते खोलती है। इस सीओआईएल कार्यक्रम का सफलतापूर्वक पूरा होना जीआईएमएस की वैश्विक शैक्षणिक साझेदारी और क्रॉस-कल्चरल लर्निंग अनुभवों के प्रति प्रतिबद्धता को दर्शाता है। इस सहयोग की सफलता भविष्य की अंतराष्ट्रीय साझेदारी के लिए एक मिसाल कायम करती है और जीआईएमएस की स्थिति को एक अग्रगामी सोच वाले प्रबंधन संस्थान के रूप में मजबूत करेगी, जो अभिनव वैश्विक सहयोग के माध्यम से विश्व स्तरीय शिक्षा प्रदान करने के लिए प्रतिबद्ध है।

GIMS becomes India's first management institute to complete COIL program with Russian Foreign Trade Academy, Russia

BR Team
Greater Noida

GNIOT Institute of Management Studies (GIMS), Greater Noida has created history by becoming India's first management institute to successfully complete the Collaborative Online International Learning (COIL) program with the Russian Foreign Trade Academy (RFTA).

The international collaboration program, which commenced on May 17, 2025, witnessed GIMS PGDM batch 2024-26 students - Pallavi Narayan, Apurva Agarwal, Shivani Singh, Anuja Yadav, and Priya Soni - working alongside Russian MBA students Den, Grigori, and Denis to complete an exemplary research project over the two-month duration. The program was spearheaded on June 21, 2025, by Prof. Charul Sharma, Head of Global Engagements from GIMS's International Relations Department. The collaboration was facilitated in partnership with Ms. Irina Shlyokar, Director of International Cooperation from the Russian side.

The program's vision was

articulated by CEO Swadesh Kumar Singh, while Director Bhupender Kumar Som provided extensive support & guidance for the initiative. GIMS has announced plans to expand such collaborative programs with other international universities in the future.

The concluding day of the program featured the presence of industry experts from India as well as specialists from Russia's Trade Representation, who highly commended GIMS for this project. Prof. Charul Sharma delivered a comprehensive vote of thanks to all collaborators and participants at the program's conclusion.

This historic achievement establishes GIMS as a pioneering institution in international education and opens new avenues for Indian management education. The successful completion of this COIL program demonstrates GIMS's commitment to global academic partnerships and cross-cultural learning experiences. The success of this collaboration sets a precedent for future international partnerships and reinforces GIMS's position as a forward-thinking management institute committed to providing world-class education through innovative global collaborations.
