GIMS ALUMNI CONNECT 3.0

Overview

- Vision & Mission of the Institute
- Editor's Musings
- Alum of the Month
- Alum Spotlight
- Glimpses of the Past Month

IDEA TO
EXECUTION

Our Mission & Vision

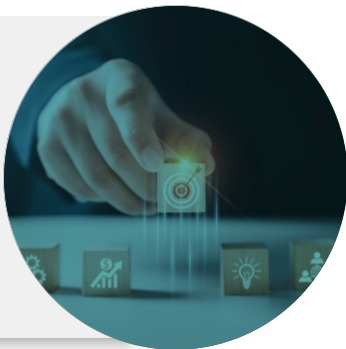

Vision

To become a widely acclaimed management school contributing towards management education and research for developing business leaders having social concerns and centres of excellence in all functional areas of management.

Mission

Mission of the institute includes:

- M.1 To develop a dynamic, outcome-based teaching-learning process
- M.2 To foster an ecosystem that promotes research

PEOs statements

After completing his/her course from GIMS a student shall be

- ▶ **PEO 1 Ethical Career Progression & Social Engagement**
- ▶ **PEO 2 Continues learning & research bent**
- ▶ **PEO 3 Responsible human beings**

Po1	Understand fundamentals of all functional areas of management
Po2	Apply the management knowledge to take better decisions for various given business scenarios
Po3	Critically understand the business problems and find right management tool to solve them
Po4	Demonstrate values, ethics, leadership and teamwork.
Po5	Higher employability quotient

Prof. Charul Sharma
Editor, GIMS Alumni Connect 3.0
Alumni Coordinator

Editor's Musings

With a heart brimming with pride and gratitude, I present this landmark February edition of GIMS Alumni Connect 3.0—an edition that captures a cascade of firsts and celebrates the soaring trajectory of our beloved institution.

For the very first time, GIMS Greater Noida welcomed a constellation of international delegates and global academic partners to the International Conference on Business, Sustainability & Environment (ICBSE-2025). Over two transformative days, our campus became a melting pot of ideas, where scholars from Kazakhstan, Russia, Nepal, London, and across India forged bold visions for a sustainable world.

Adding another brilliant feather to our cap, we also hosted international MBA students from Abbey Gate College, UK, through a dynamic Global Student Exchange Program—lighting up our classrooms with cross-cultural insights and forging friendships that transcend borders.

These milestones are not merely events; they are monuments of progress that fill me with immense personal pride. To stand alongside my colleagues and students as GIMS takes its rightful place on the world stage is an honor I cherish deeply. For all of us at GIMS, these achievements affirm our collective resolve to dream bigger, innovate relentlessly, and keep the flame of excellence burning bright.

“

In this new era of global connection, let us build bridges of knowledge, embrace diversity, and rise together as one global community.

”

Dr. Monika Makhija
Professor and Dean OB & HR

Dean's Message

Dear Esteemed Alumni,

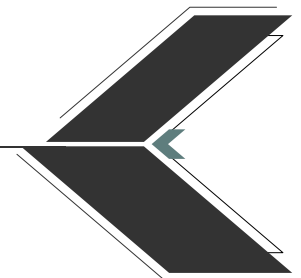

Warm greetings from the PGDM program at GIMS, Greater Noida!

“The International Conference on Business, sustainability and environment”, which was held by our institute, recently propelled our academic community into the global spotlight. I am delighted to share with you the highlights of this historic occasion. This conference was a lively meeting of scholars, industry professionals, students and thought leaders from all over the world, and it was more than just an academic event. The convergence of business, sustainability, and environmental stewardship is not merely a question of policy in the quickly changing global scene of today; rather, it is a strategic need. It provided a vibrant forum for sharing ideas, showcasing innovative research, and encouraging cross-disciplinary and cross-border cooperation. The event promoted rich discussion on current issues and innovations influencing the direction of management education and practice. The conference demonstrated the dedication to experiential learning and academic quality through thought-provoking panel discussions, student-led paper presentations, and enlightening keynote addresses. Our PGDM students were instrumental, participating in cross-cultural interactions, moderating panels, and presenting papers that reflected the global perspective we aim to foster. Keynote talks from renowned academics and professionals were also included in the conference; their viewpoints gave the discussion more nuance and vitality. Your ongoing participation and assistance are essential to our journey as alumni. As we broaden our global reach, we encourage you to read through the conference proceedings, get in touch with our teachers and colleagues, and think about working with or mentoring our current students. Together, we are building a legacy of excellence, innovation, and impact.

“

Alumni are echoes of an institution's spirit—carrying its dreams into the world

”

ALUM OF THE MONTH

Mr. Yatharth Tyagi (Alumnus Batch 2021-23)

Assistant Manager,
NuWud Industries

1. Can you please share for which company you are currently working and your designation within the same organization?

I'm currently working as an Assistant Manager at NuWud Industries, India's leading manufacturer of wood-based building materials.

2. How has GIMS played a pivotal role in assisting you in achieving your career goals? Are there any specific experiences or resources from your time at GIMS that you found particularly beneficial?

GIMS has played a crucial role in helping me achieve my career objectives. The well-rounded curriculum, coupled with hands-on learning opportunities, laid a strong foundation in my field. Notable experiences—such as industry live projects and internships—enabled me to translate theoretical knowledge into practical skills, enhancing both my competence and confidence. Furthermore, the mentorship and consistent support from the faculty were instrumental in shaping my professional development.

3. Remembering your time at GIMS, were there any specific challenges or areas where you felt there was a lack of opportunities or resources that you believe could be improved for current students?

While my overall experience at GIMS was highly positive, I did feel that the number of industry-specific workshops and specialized training sessions could be increased. Although the general curriculum was comprehensive, offering more niche skill development and exposure to emerging trends in the industry would be beneficial for future batches.

4. Do you have any suggestions for enhancing our academic curriculum? Specifically, which subjects or areas do you think could significantly benefit the juniors in terms of career advancement and skill enhancement?

To enhance the curriculum, I recommend including courses on digital tools, data analytics, and basic programming to provide essential technical skills. Additionally, modules on leadership, emotional intelligence, and cross-cultural communication would improve soft skills. Courses on entrepreneurship, innovation, and industry-specific certifications could also give students a competitive edge. More real-world experiences—through internships and live projects—are crucial to bridge the gap between classroom learning and industry practice.

5. What would you like to advise the college to undertake in order to equip the students well for this dynamic professional world?

I would advise the college to consider the following recommendations:

- Integrate an Industry-Relevant Curriculum: Regularly update academic content to align with evolving industry trends, technologies, and employer expectations.
- Strengthen Partnerships with Industry Experts and Alumni: Facilitate guest lectures, mentorship programs, and collaborative projects to bridge the gap between theory and practical application.
- Prioritize Holistic Development: Emphasize training in adaptability, digital literacy, critical thinking, and global business practices to prepare students for dynamic, competitive environments.

6. We are eager to learn more about your corporate journey. Could you walk us through your professional experiences, from your initial career steps to your current role?

I began my corporate journey as a Sales Trainee with one of India's largest companies. Over the span of two years, the knowledge and skills I gained from my time at GIMS helped me grow professionally and take on greater responsibilities. Today, I serve as an Assistant Manager, and I attribute much of my growth to the strong educational foundation and opportunities provided during my academic journey.

7. As an accomplished professional, what advice would you like to offer to your juniors at GIMS who are embarking on their career journey?

To all my juniors at GIMS, as you begin this exciting chapter of your professional journey, here's my sincere advice:

- Stay Curious: The world is evolving rapidly — keep learning, exploring, and asking questions. Curiosity is the foundation of growth.
- Embrace Challenges: Challenges will come your way; see them not as obstacles but as opportunities to grow stronger and wiser.
- Build Meaningful Connections: Surround yourself with mentors, peers, and industry leaders. A strong network can open doors you never imagined.
- Be Resilient: Setbacks are inevitable, but resilience and persistence will set you apart. Success often comes to those who refuse to give up.
- Stay Authentic: Let your values, integrity, and passion guide your decisions. Authenticity is your greatest strength.

And above all, make the most of your time at GIMS. These years are not only about academics but also about building friendships, discovering yourself, and creating memories that will stay with you for life. Enjoy the journey, and success will follow.

ALUMNI SPOTLIGHT

Raksha Shreya (Alumna PGDM Batch 2022-24)
Sales Executive - Radisson Hotel Group

With great pride and admiration, this edition of our Alumni Newsletter highlights the inspiring journey of a driven and passionate young achiever who continues to shine bright and uphold the GIMS legacy with distinction. When determination meets grace, and ambition blends with humility, the result is a journey worth celebrating—and Raksha Shreya is living proof of that, an exceptional alumna from the PGDM Batch of 2022–24, who has carved a niche for herself in the competitive world of hospitality and sales. With specializations in Marketing and HR, Raksha currently serves as a Sales Executive at Radisson Hotel Group, where she manages Corporate and Banquet Sales with extraordinary professionalism and poise. Her stellar performance recently earned her the coveted BRAVO Recognition Award at Radisson Blu Hotel Greater Noida—a prestigious honour bestowed in recognition of her outstanding sales performance, consistently exceeding targets, and unwavering commitment to the organization's values. What sets Raksha apart is not just her results, but the attitude with which she achieves them—embodying the Radisson spirit of "Creating Bright Spots" for customers and upholding a never-ever-give-up mindset in every professional challenge. Raksha expressed her heartfelt gratitude on receiving the award, describing it as a reminder that "Every Moment Matters"—a phrase she lives by. Her journey is more than a success story—it is a powerful example of how talent, when guided by discipline and values, can truly shine. Raksha's dynamic presence in the hospitality industry is a source of pride for the entire GIMS fraternity, and her accomplishments serve as a beacon of inspiration for current students who aspire to rise with purpose and perseverance. We celebrate Raksha Shreya not just for her accolades, but for the character, consistency, and courage she embodies—making her a true torchbearer of the GIMS spirit. Her story reminds us all that when passion meets purpose, success is not a destination, but a journey marked with impact and integrity.

Role of Data Analytics in Today's Business World

By Dr. Hema Banati, TEDx speaker & Professor of Computer Science at
Dyal Singh College, **University of Delhi**

Today is the era where 'data is hailed as the new oil' and the ability to interpret and transform data into actionable insights has become a critical skill for future leaders. Recognizing this need, i Analytika – the Business Analytics Club at GIMS, Greater Noida/Delhi-NCR – took a significant initiative by organizing an exclusive and insightful expert session on the "Role of Data Analytics in Today's Business World." The event, held on February 24, 2025, was specially curated for the PGDM Batch 2024–26. The session was graced by the esteemed Dr. Hema Banati, TEDx speaker and Professor of Computer Science at Dyal Singh College, University of Delhi. With her vast experience and academic excellence in fields like data analytics, machine learning, and big data technologies, Dr. Banati brought a wealth of knowledge to the table, offering students a unique opportunity to step into the world of data with a deeper and more practical understanding. Throughout the session, Dr. Banati skillfully demystified the intricacies of business intelligence, predictive analytics, and data-driven decision-making. She highlighted how industries across the globe are leveraging analytics to enhance operational efficiency, improve customer experience, and foster innovation. Her insights not only introduced the theoretical framework of data science but also emphasized its real-time application in solving complex business challenges. What made the session particularly impactful was the hands-on perspective it offered. Students were exposed to various tools and techniques used in data interpretation, allowing them to see firsthand how raw data is converted into strategic business value.

The session was designed not just to inform, but to inspire—bridging the gap between classroom learning and real-world corporate needs. In her address, Dr. Banati also touched upon the human element in analytics, reminding students of the importance of balance in this tech-driven age. She said: "We must learn to use machines wisely, and only when necessary." This profound statement served as a reflection on the ethical and mindful use of technology—encouraging students to remain grounded in human intelligence while embracing digital tools. The session concluded with a lively Q&A segment, where students eagerly engaged with Dr. Banati, asking questions ranging from industry trends to academic pathways in analytics.

The interaction added immense value and left students inspired and better prepared to step into a data-driven professional landscape. GIMS extends its heartfelt gratitude to Dr. Hema Banati for her invaluable contribution in making this session a grand success. Her presence and insights turned the event into an unforgettable learning experience, equipping students with relevant skills and perspectives for both their professional and personal growth.

Breaking Boundaries:

Historic UK-India Student Exchange Ignites Cross-Continental Collaboration at GIMS!

The dawn of a new year brings with it fresh energy, renewed aspirations, and an unwavering drive to achieve more. At GIMS, we believe in channelling this enthusiasm into inspiration—motivating our students to dream big and push beyond limits. To mark the beginning of 2025 on an empowering note, GIMS had the privilege of hosting a transformational motivational session with Dr. P.S. Rathore—renowned firewalk trainer, leadership coach, and corporate strategist—exclusively for our PGDM students. As students gathered, the atmosphere was charged with anticipation. The session commenced with an electrifying introduction by Dr. Rathore, who shared powerful stories of resilience, triumph, and the undeniable strength of self-belief.

“Education knows no borders: it thrives on global exchange and shared wisdom.”

Living this transformative credo, the International Department of GIMS, Greater Noida (Delhi NCR) shattered traditional academic boundaries on 12 February 2025, welcoming distinguished MBA International Delegates from AbbeGate

College, United Kingdom for a groundbreaking week-long Student Exchange Program. This historic initiative was meticulously crafted to ignite cross-cultural dialogue, foster collaborative scholarship, and nurture future-focused leadership that transcends continental divides. From the very first handshake, the GIMS campus metamorphosed into a vibrant crossroads of international intellectual exchange. The air crackled with energy as two academic worlds collided in the most beautiful way possible. Morning plenaries erupted with spirited debates on global market dynamics, while afternoon breakout sessions became laboratories of innovation where Abbey Gate scholars partnered with GIMS peers to co-design revolutionary case analyses and cutting-edge innovation pitches. The hallways themselves became corridors of discovery, buzzing with conversations that fearlessly leapt across disciplines—from sustainable finance frameworks to human-centric marketing strategies—powerfully demonstrating that knowledge truly knows no geographical boundaries. The program's crown jewel was an exclusive certification module masterfully delivered by Dr. Bhupender Kumar Som, Director of GIMS. In this transformative session, Dr. Som enlightened UK students about the profound importance of Indian culture, taking them on an intellectual journey through India's rich mathematical heritage, fascinating historical evolution, and remarkable growth trajectory. His teachings beautifully illustrated how ancient wisdom and modern innovation converge to create tomorrow's leaders.

This wasn't merely an academic lecture—it was a bridge-building exercise that connected two great educational traditions, showing UK delegates how India's intellectual DNA continues to shape global progress. Guided by India's timeless philosophical principle of Atithi Devo Bhava—where guests are revered as divine—GIMS orchestrated a cultural immersion experience that stretched far beyond conventional classroom boundaries. This wasn't just education; it was transformation through cultural understanding.

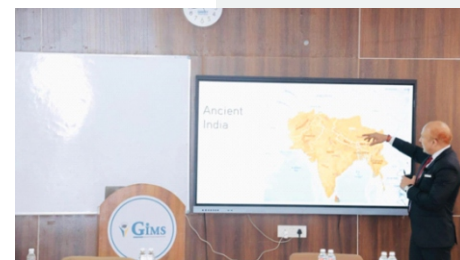

Delegates embarked on curated journeys tracing India's magnificent intellectual lineage through heritage sites that whisper stories of ancient wisdom. They savored authentic regional cuisines in specially themed culinary environments, each meal becoming a lesson in India's diverse cultural tapestry. The GIMS Cultural Cell staged breathtaking showcases featuring both classical traditions and contemporary performing arts, creating moments of pure magic that deepened cross-cultural understanding and forged friendships destined to outlast the program itself. This exchange represents far more than a mere entry in the academic calendar—it stands as a pivotal milestone in GIMS' expanding global odyssey. By masterfully fusing rigorous academic excellence with profound cultural empathy, GIMS has strengthened its international footprint while reaffirming its position as a beacon of transcultural learning and academic distinction. The program concluded with a heartfelt vote of thanks delivered by Prof. Charul Sharma, Head of Global Engagements, who captured the essence of this historic moment. Prof. Sharma expressed her enthusiasm for cultivating many more such transformative engagements, emphasizing how each exchange reinforces the beautiful message of **“Atithi Devo Bhava”**—that when we welcome others with open hearts and minds, we all grow together.

This is just the beginning

Prof. Sharma declared, “A new era is beginning—one where boundaries dissolve and brilliant minds unite to shape our shared future.”

This groundbreaking exchange stands as living, breathing proof that when diverse minds converge in an atmosphere of mutual respect and insatiable curiosity, extraordinary new horizons of insight emerge. It demonstrates that the future of education doesn't just shine brighter when we break boundaries—it blazes with the combined brilliance of minds united across continents. As Abbey Gate delegates prepare to carry their transformative GIMS experience back to the UK, and GIMS students continue to be inspired by this cross-continental collaboration, one truth emerges crystal clear: when education knows no borders, the possibilities become limitless. The boundaries have been broken. The collaboration has been ignited. The future of global education has never looked more promising.

ICBSE 2025:

Historic Global Sustainability Dialogue Marks Milestone Achievement for GIMS International Relations

On 6 and 7 February 2025, the GNIOT Institute of Management Studies (GIMS) achieved a historic milestone by hosting ICBSE 2025—a landmark two-day international conference delivered in hybrid mode that brought together distinguished global delegates for the first time in the institute's history. This groundbreaking event transformed GIMS into a premier destination for international academic discourse on business sustainability and environmental stewardship.

For the first time ever, GIMS welcomed physical international delegates to its campus, marking a watershed moment for the institution's international department. The conference witnessed an extraordinary convergence of global academic excellence through strategic collaborations with prestigious institutions worldwide.

Director Ms. Kyyal Tukembayeva, along with Ms. Sagira and Ms. Assem, led a distinguished delegation that made their inaugural physical presence at an international conference hosted by GIMS. This historic visit symbolized the beginning of a new era in GIMS's international academic partnerships.

ICBSE 2025 was distinguished by its comprehensive international collaboration framework, featuring partnerships with world-renowned institutions:

- **Al-Farabi Kazakh National University, Kazakhstan** - Leading the international delegation
- **UTAR Malaysia** - Strengthening Southeast Asian academic ties
- **Hult International Business School** - Bringing global business school expertise
- **Uniglobe College, Nepal** - Expanding South Asian partnerships
- **Tribhuvan University, Nepal** - Enhancing regional academic cooperation

The conference featured an exceptional assembly of international thought leaders who delivered transformative insights:

International Dignitaries:

- **Chief Guest: Prof. (Dr.) Mirzoyam Mariam Valerikovna**, Former Deputy Dean, Financial University, Russia
- **Director Ms. Kyyal Tukembayeva**, Al-Farabi Kazakh National University
- **Ms. Sagira**, International Relations Representative
- **Ms. Assem Issakh**, Academic Collaboration Specialist, Al-Farabi Kazakh National University

Distinguished Keynote Speakers:

- **Prof. Prabhat Mittal**, University of Delhi - Guest of Honour
- **Prof. Amit Shankar**, IIM Visakhapatnam - Keynote Scholar
- **Dr. Amarnath Tripathi**, Jaipuria Institute of Management - Session Expert
- **Prof. Radheyshyam Pradhan**, Uniglobe College - International Session Expert

GIMS Hosted an Expert Session on Kazakhstan's E-Commerce Market during ICBSE-2025

GIMS, Greater Noida, Delhi/NCR, successfully organised an expert session on "The E-Commerce Market & the Role of Marketplaces in Kazakhstan: Local and International Players" as part of the International Conference on Business, Sustainability & Environment (ICBSE-2025). The session was led by Mrs. Kyyal Tukembayeva, Deputy Director of Farabi International Business School, Al-Farabi Kazakh National University, Kazakhstan. During the session, Mrs. Tukembayeva shared valuable insights into the evolving dynamics of Kazakhstan's e-commerce sector, the role of global and local players, and the emerging opportunities within this rapidly growing market.

The session reflected GIMS's continued commitment to providing global exposure to students and fostering meaningful academic collaborations.

Stay connected with GIMS for more such international engagements!

GIMS Signed MoU with Al-Farabi Kazakh National University to Boost Global Opportunities

Faculty Achievement

GIMS Faculty Honoured on GNIOT Foundation Day

Dear Alumni,

Thank you for taking the time to read this edition of our newsletter. We truly value your connection with GIMS. We invite you to share your valuable suggestions, career achievements, promotions, or any success stories with the Alumni Cell.

Your journey continues to inspire the GIMS community. Stay connected, Stay proud!
