NEWSLETTER

Editor's Desk

Dear Alumni,

In this month's newsletter, we are excited to share highlights from our recent orientation program at GIMS, where we welcomed a new generation of students. This month, we are hosting several intellectual conclaves featuring industry leaders who will share their insights and experiences. We are also thrilled to introduce a new initiative: **Enhancing Your Career: GIMS Alumni Course with 50% Tuition Assistance**. This course reimbursement initiative is designed to help our alumni continue their learning journey and advance their careers. Your participation will not only benefit you but also strengthen our alumni community. We look forward to your involvement and support.

Stay tuned for more updates and opportunities. Let's continue to learn, grow, and succeed together as the GIMS Alumni family. Stay connected and share your stories and achievements with us!

Thank you for being a valued member of the GIMS family.

Best regards,

Prof. Charul Sharma

“Empowering the Next Generation at GIMS”

At GIMS, education goes beyond knowledge—it's about empowering individuals to become leaders, innovators, and change-makers. We focus on learning and growth, equipping students and alumni with the skills needed to excel in a constantly evolving world.

Lifelong Learning

We emphasize lifelong learning, encouraging curiosity and adaptability. Our programs build a strong foundation and foster critical thinking, preparing students for continuous growth through diverse learning experiences.

Community of Innovators

Our alumni excel in various industries, inspiring current students as role models and mentors. They embody the GIMS spirit of excellence, innovation, and social contribution.

Holistic Development

We offer opportunities beyond the classroom for holistic development, including extracurricular activities, leadership programs, internships, and global exposure, ensuring students gain essential life skills.

Vision for the Future

GIMS is committed to empowering the next generation to reach their full potential and make a positive impact. We foster an environment of innovation, collaboration, and ethical leadership, shaping a meaningful future through education. At GIMS, education transforms lives. Join us in this journey of growth and success.

ALUM OF THE MONTH

July, 2024

Mr. Janmesh Soni

B2B Sales and Marketing
Manager, Hamporio.

ALUM OF THE MONTH

1. Can you please share for which company you are currently working and your designation within the same organization?

I am currently working as the B2B Sales and Marketing Manager, Pan India, for Hamporio. Hamporio is a distinguished brand specializing in luxury, durable, and premium tailored hospitality solutions for the corporate and hospitality industry.

2. How has GIMS played a pivotal role in assisting you in achieving your career goals? Are there any specific experiences or resources from your time at GIMS that you found particularly beneficial?

GIMS has been instrumental in helping me achieve my career goals. The comprehensive curriculum, combined with the practical learning experiences, provided a strong foundation in my field. Specific experiences, such as the industry live projects and internships, allowed me to apply theoretical knowledge to real-world scenarios, enhancing my skills and confidence. Additionally, the mentorship and guidance from faculty members significantly impacted my professional growth.

3. Remembering your time at GIMS, were there any specific challenges or areas where you felt there was a lack of opportunities or resources that you believe could be improved for current students?

Reflecting on my time at GIMS, one aspect that could be enhanced is the emphasis on quality over quantity in skill augmentation programs. Certifications in areas like SQL, Digital Marketing, Advanced Excel, and Power BI are indeed crucial for corporate success, but the brief 1-2 days workshop provided were not sufficient for truly mastering these skills. To provide greater value to students, GIMS should consider offering more in-depth and extended training sessions. This would ensure that graduates not only obtain certificates but also develop the comprehensive expertise necessary to thrive in corporate environments, better preparing them for the challenges and expectations of the job market.

4. Do you have any suggestions for enhancing our academic curriculum? Specifically, which subjects or areas do you think could significantly benefit the juniors in terms of career advancement and skill enhancement?

To enhance the academic curriculum at GIMS, I would suggest incorporating more specialized courses that align with current industry trends and demands. Subjects like Data Analytics, Digital Transformation, and Sustainable Business Practices could significantly benefit juniors by equipping them with skills that are increasingly valued in the job market. Additionally, offering advanced electives in areas such as Strategic Management, Innovation & Entrepreneurship, and Global Business could provide students with a broader perspective and help them develop the critical thinking and adaptability needed for career advancement. Integrating more real-world case studies, live projects, and collaboration with industry professionals would further enhance practical learning and better prepare students for their future careers.

5. What would you like to advise the college to undertake in order to equip the students well for this dynamic professional world?

Expand industry partnerships to provide internships, live projects, and mentorships for hands-on experience. Integrate soft skills training in communication, leadership, and problem-solving to prepare students for professional challenges. Promote interdisciplinary learning for greater adaptability, and offer workshops on emerging technologies and global trends. Enhance real-world application through case studies and practical exercises that connect theory with industry practice.

6. We are eager to learn more about your corporate journey. Could you walk us through your professional experiences, from your initial career steps to your current role?

As the Sales and Marketing Manager at Hamporio, overseeing Pan India operations, I manage strategic sales, marketing initiatives, client relationships, and market research. I also monitor sales performance, collaborate with manufacturing, and ensure efficient team and store operations, staff training, inventory management, and visual merchandising.

7. As an accomplished professional, what advice would you like to offer to your juniors at GIMS who are embarking on their career journey?

Embrace continuous learning through education and certifications. Build a strong network with peers and mentors for opportunities and insights. Develop essential soft skills like communication, leadership, and problem-solving. Gain practical experience via internships or projects. Set clear career goals and regularly adjust them. Stay adaptable and open to change. Seek feedback and mentorship to grow professionally. Prioritize work-life balance to stay motivated and avoid burnout. Enjoy college life by engaging in activities and building lasting friendships for personal growth.

MARKETING MERAKI CONCLAVE
