Ramanujan College

BLENDLED LEARNING

The Ministry of Education (erstwhile, Ministry of Human Resource Development) launched the Pandit Madan Mohan Malaviya National Mission on Teachers and Teaching (PMMMNTT) in 2017. One of the main objectives of this mission is to facilitate teacher training by constituting Teaching Learning Centers in various institutions of higher education in our country. The Teaching Learning Centers (TLCs) are mandated to promote on a continuous basis the learning of new pedagogical practices, methodology of forming discipline-specific curricula and creating new learning materials (including e-content) for use by the teachers in colleges and postgraduate departments. It is envisioned that the TLCs will accelerate the teaching-learning process by encouraging independent critical and creative thinking and facilitating research for subject specific growth. The TLCs will assist the faculty in capacity building for curriculum designing, scientific assessment and evaluation and the development of innovative academic programs to strengthen the inclusive nature of higher education. The TLCs are also encouraged to reach out to teachers teaching in regionally disadvantaged locations. The Pandit Madan Mohan Malaviya National Mission emphasizes the need to change the role and workings of a teacher from a mere disseminator of information and knowledge to the one who helps students to develop critical, analytical skills, capabilities to generate information, the ability to reason and to empower themselves through open sources and globally oriented digitalized self-learning processes. The focus is not only on 'what is taught' but also importantly, to 'the way it is taught,' in an effort to develop and enhance individual education, that will eventually go on to define the manner in which the future generations will work and live. The Teaching Learning Centers offer Faculty Induction Programs (FIPs) for newly recruited faculty and Faculty Development Programs (FDPs) for teachers with experience who wish to update their field of knowledge, expertise and skill with the latest available research, resources and technology. In the FDPs, special emphasis is given to inter and cross-disciplinary methodologies of study.

Currently, the teaching fraternity is missing their lively and interactive classrooms due to COVID-19 Pandemic. To address the present situation, the University Grants Commission (UGC) has intensified its efforts to have a strong virtual engagement with the students through email/WhatsApp and hosting lectures using Google Class Room and other video-conferencing platforms. Keeping in view the immense benefits and reach of online courses in the present academic set-up, the Teaching Learning Centre Ramanujan College, University of Delhi and GNIOT Institute of Management Studies, Greater Noida is offering a Two Week Online Interdisciplinary Refresher Course

On Blended Learning & Flipped Classroom “Blended Learning” for faculty members and research scholars of higher education in the country from March 8-22, 2021.

CONCEPT NOTE

The current crisis has called for a change in the ways of teaching and learning. The demand is to change the landscape of teaching by incorporating alternative pedagogical techniques. One of the plausible ways is blended learning. Broadly speaking, blended learning is integration of interactive technology with conventional classroom settings. To put it differently,

it is a midpoint between classroom teaching and a complete online learning environment. It gives more flexibility to customize the learning experience for students and motivate them to use multiple learning styles. Blending learning, in a way, facilitates the development of a stronger mental connection in students, thereby increasing their learning receptivity. Moreover, blended learning & flipped classroom can be an alternative to overcome the geographical and time constraints through its adaptive framework.

Taking this as a reference point, this Interdisciplinary Refresher Course on Blended Learning & Flipped Classroom aims to explore the different ways to implement Blended Learning and Flipped Classroom. It is important to understand that Blended Learning is not simply adding technology to the classroom. Rather, it has to be integrated into everyday teaching, thereby emphasizing on re-thinking the current pedagogical approach. The programme intends to explore the different models of blended learning and dive into key issues that impact students, teachers, and institutions of Higher Education. Specifically, we plan to look at these issues by integrating the conceptual backgrounds and different schools of Blended Learning with the technological applications used for building an effective blended learning curriculum.

Overall, the Refresher Course is an effort to probe into the different limitations which Faculties of Higher Education face and find the alternatives to overcome them by focusing on the fundamentals that have the greatest impact on student learning in a blended or online environment.

Thematics

- ❖ Blended Learning: Definitions, Challenges and Effectiveness
- ❖ Re-thinking the teacher - student relationship/role
- ❖ ICT tools aiding in the Blended Learning Process
- ❖ Designing a Blended Learning Course
- ❖ Assignments and Assessment 2.0
- ❖ Possible Use of Technology in Remote Areas
- ❖ Digital Divide or Digital Literacy
- ❖ Pedagogical approach to Flipped Classroom

About Ramanujan College, University of Delhi

Ramanujan College is a University of Delhi College located in the well-known area of Kalkaji, near Nehru Place in South Delhi. Ramanujan College has highly qualified, dedicated and committed faculty members. The college runs fifteen courses in different subjects in Humanities, Commerce and Science streams. It is also the study centre for the students of the School of Open Learning, University of Delhi, the Non-Collegiate Women's Education Board, University of Delhi and the Indira Gandhi National Open University. Ramanujan College has also been selected by the Ministry of Education as a National Resource Centre. The College also runs a number of professional courses. The teachers of Ramanujan College are highly motivated and have original, published academic and creative work, including journal and other print media articles and educational film making to their credit. Ramanujan College is a premier institution

of the University of Delhi and has been accredited grade "A" by the National Assessment and Accreditation Council (NAAC). The college has also been ranked 26th in the National Institute Ranking Framework (NIRF2018). We at Ramanujan College emphasize on the holistic development of personality, meaningful exposure to real world, and inculcating practical skills amongst our students apart from ensuring academic excellence.

About GNIOT Institute of Management Studies

Greater Noida Institute of Technology (GNIOT) is the brainchild of the visionary industrialist, Late Shri Krishan Lal Gupta. He is the founder of the group. He has distinguished himself through his significant contributions to business, academics, research, government, and society at large.

GNIOT Institute of Management Studies (GIMS), Greater Noida, offers Post Graduate Diploma in Management (PGDM) approved by A.I.C.T.E and Ministry of HRD, Govt. of India. PGDM is the flagship program of GNIOT Group which opens a new world of opportunities for the students. Our emphasis is on holistic development of the students. Interdisciplinary approach is implemented in the teaching-learning process and research. At GIMS, our endeavor is to treat every student as an individual, to recognize their potential and to ensure that they receive the best preparation and training for achieving their career ambitions and life goals. We aim at producing

not only good professionals but also good and worthy citizens of a great country, aiding in its overall progress and development.

Registration Process

Eligibility: Faculty members (regular/adhoc/temporary) in teaching profession are eligible to apply for this Refresher Course.

- ❖ Registration is mandatory for all the participants of the FDP.
- ❖ All those who meet the eligibility criterion are required to pay a Non-Refundable fee of INR 1100/- (INR 500 for PH candidate) (See the details provided below regarding the payment process).
- ❖ The eligible participants who have made the payment are required to register online on or before March 08, 2021.

Important

- ✓ Attempting and submitting all the quizzes and assignments are mandatory, and each participant should score a minimum of 40% in total to avail of the programme completion certificate.
- ✓ Graded certificates on the basis of performance will be awarded to the participants.
- ✓ As part of the Ministry of Education's requirement under the PMMMNMTT scheme, all participants need to submit online feedback for each session.
- ✓ Failing to meet any of the above conditions will result in denial of the certificate of completion to the participants.

Payment Process & Steps for Registration

First Step: The participants must make the prescribed payment through NEFT/IMPS to the following account:

Bank	ICICI Bank
Branch	Kalkaji Branch, New Delhi - 19
Account Holder's Name	Principal Ramanujan College
Account Number	072001003912
IFS Code	ICIC0000720

Second Step: Participants need to fill up the online Application Form <https://forms.gle/SFRreCa1hP6uPBe78> with all the required details before the final date of submission.

- ✓ The screenshot of the payment must be uploaded while filling up the form. The participants are advised to carefully fill the transaction details of their payment at the time of filling up the Application Form.
- ✓ Kindly take note that late applications and payments will not be accepted. The last date of

registration is March 08, 2021. After successful registration and payment, the participants will receive a confirmation via email. Please keep checking the spam folder of the email as the bulk email sent may end up in the spam folder.

An official group has been created for communication with the participants on "Telegram." You are, therefore, requested to install the Telegram App either from the Play Store or App Store. The link to join the official Telegram group will be provided in the confirmation mail.
