The Tata Motors were in a thinking process at the level of Board of Directors to move a large number of employees from Pune plant to their new Nano plant at Sanand, Gujarat. However, the secretariat staff handling the board meetings at Mumbai got a glimpse of this thinking process through one of the directors. One of the employees in the secretariat told her friends at Pune plant about the likely move by the management. In very short time of span, all employees at Pune plant came under the impression that they all are moving to Sanand, Gujarat.

The employees Union at Pune was also forced by the employees to take up the matter with the management. The union, in turn, took up the issue with the management and gave an ultimatum to the management with a rider of going on strike.

Attempt all parts of the following:

06. a) What form of communication is responsible for the chaos that has happened? Suggest a suitable communication mode that could have not generated such chaos.
06. b) Identify and explain the different barriers of communication in this situation.
