**OR**

**(b)** Explain the capabilities of different ERP function modules.

## SECTION-C

Q.6. Attempt all parts of the following:

(2×15=30)

### INTUITIVE AT LARCIMEDICS

The Company: Lacrimedics, Washington, USA.

Founded in 1984, medical device manufacturer Lacrimedics is a provider of Lacrimal Occlusion Therapies to physicians, hospitals and distributors around the world. Lacrimal Occlusion is a treatment for dry eye syndrome and related ocular surface diseases.

#### The Problem/ Situation

When Lacrimedics decided to replace their accounting and manufacturing systems, they wanted an integrated enterprise resource planning (ERP) solution that would support the growth and address a number of operational problems. After 15 years in business, inventory was growing faster than revenue, on-time delivery was slipping and general lack of information was negatively impacting financial and operational performance. Very little IT resources were available.

#### The Solution and Implementation

Lacrimedics looked at several ERP systems targeted to small and mid– sized manufacturers and systems from the industry giants SAP, Baan and J.D. Edwards. The systems were judged based on overall functionality, ease of use, scalability and underlying technology and Intuitive ERP was chosen. The goals of the implementation were:

- Integrate and standardize business processes.
- Increase customer responsiveness.
- Deliver greater access of information to employees
- Improve scheduling and inventory control
- Streamline accounting

#### The Benefits

The main benefits of the ERP implementation were as follows:

- The ERP system was implemented in 45 days
- Return on investment of over 200%
- Reduced total inventory from 90 days on – hand to 15 days on– hand
- Improved on– time supplier delivery from 30% to over 80%
- On– time delivery improved from 75% to 99%
- Faster month– end closing
- Reduced overdue accounts from 12% to 2%
- 10% revenue growth year – to – year

6 (a) What were the main challenges that prompted Lacrimedics to go in for an ERP System?

6 (b) What were the objectives laid down by Lacrimedics behind ERP implementation? Above these which are the other objectives of ERP implementation?
