SECTION-C

Case Study: "GreenTech Solutions Ltd. - Navigating Sustainable Change"

Background:

GreenTech Solutions Ltd. is a leading technology company that has been in the market for over two decades. Recognizing the importance of sustainable development, the company has decided to undergo a comprehensive transformation to integrate sustainable practices into its operations. The leadership aims to not only enhance the company's environmental performance but also foster a culture of sustainability among employees and stakeholders.

The Challenge:

GreenTech Solutions Ltd. faces the challenge of implementing sustainable development practices across its value chain while simultaneously managing the organizational change required for this ambitious shift. The transformation involves adopting eco-friendly technologies, reducing carbon footprint, and promoting a sustainability-driven mindset among employees.

Q.4. Attempt all parts of the following:

(2×9=18)

4(a) What change management strategies and models could GreenTech Solutions Ltd. employ to ensure a smooth and successful transition to sustainable practices?

4(b) How should GreenTech Solutions Ltd. measure and evaluate the impact of its sustainable development initiatives?
