OR

- (b) What is the thrust market for export of gems and jewellery product. What is major challenge for export of jewellery

SECTION-C

Mahindra & Mahindra (M & M) is a major player in the tractor and certain segments of the automobile market in India. After an impressive growth for a few years, the tractor market in India has been stagnating during 1998 – 2000.

M&M has been selling its tractors and utility vehicles in foreign markets including USA. Some of the components for its products have been sourced from abroad.

M&M has a 100 per cent subsidiary in USA, Mahindra USA, with a strong network of 100 dealers.

Mahindra has a five percent market share in the US market in the 28-30 horsepower (HP) range.

As a part of the strategy aimed at building a building a global supply chain, Mahindra USA has signed a memorandum of understanding with the Korean tractor Tong Yang, a part of the \$ 2bn Tong Tang Molson group, according to which Mahindra will source high power (mostly 25 – 40 hp range) and sell them around the world under the M&M brand name. To start with, the premium range of tractor will be sold in the US.

M&M current tractor range is more utility-oriented and lacks the aesthetic appeal that Tong Yang tractors have a must for a must for a strong presence in the US market.

Q.4. Attempt all parts of the following:

(2×10=20)

- 4(a)** Explain the advantage and disadvantage of global sourcing?
- 4(b)** How will the foreign market expansion help M&M.?
