- (b) Explain the role of the Directorate General of Foreign Trade (DGFT) in India's export policies.
- (c) Define the term "containerization" and its importance in international trade.
- (d) Illustrate the effect of foreign exchange rate fluctuations on export pricing.
- (e) Describe the primary objective of India's current Foreign Trade Policy.

SECTION-B

(Long Answer Type Questions)

Attempt all questions of the following

(2X10=20)

Q.2. (a) Evaluate the key functions of the Ministry of Commerce in promoting India's foreign trade.

OR

(b) Analyse the multimodal transport system and its advantages in global trade logistics.

Q.3. (a) Examine the role of institutional assistance in meeting pre-shipment finance requirements.

OR

(b) Discuss the objectives and key features of India's current Foreign Trade Policy.

SECTION-C

Indian automobile and consumer goods companies witnessed growth in exports. Overseas sales increased for companies like Maruti Suzuki, Bajaj Auto and ITC. The Society of Indian Automobile Manufacturers reported a 12% rise in passenger vehicle exports. Industry leaders are optimistic about the future of exports. Some companies are expanding manufacturing capacity to meet growing global demand.

Exports have been a saviour for automobile companies and consumer goods manufacturers hit hard over the last three-four quarters due to a consumption slowdown in India. The trend is set to continue-chief executives said the outlook for overseas sales is improving even further. This has shielded segments such as automakers, among the worst affected this year in terms of domestic sales, from production cuts. Some industries such as garments are even embarking upon increased capital expenditure, thanks to booming exports.

Maruti Suzuki, Bajaj Auto, Honda Motorcycle & Scooter, ITC, Arvind, Dixon, Dabur, Godrej Consumer Products, Marico and others have said exports or overseas sales have grown at a double-digit pace in the first half from the year before, while domestic sales and volumes have slumped. The Society of Indian Automobile Manufacturers (SIAM) said overall exports of passenger vehicles rose 12% to 376,679 units in the first half from the year-ago period. In contrast, domestic sales grew 0.5%. India's largest car manufacturer Maruti Suzuki shipped 148,276 units overseas in the first half, up 12%, while domestic sales volume fell 0.3%. The contribution of exports to total sales was 14%. Overseas shipments by Bajaj Auto, the country's largest exporter of motorcycles and three wheelers, rose 9% in the April-October period from the year ago.

In fast-moving consumer goods (FMCG), companies like ITC, Godrej Consumer Products, Dabur and Marico said exports have been a saving grace this fiscal year as they face local demand headwinds. Marico and Dabur said growth in international markets rose in double digits.

Q.4. Attempt all parts of the following:

(2×10=20)

4(a) Highlight the growing importance of exports of Indian automobile and consumer goods companies. Use examples from the case to illustrate their role in overcoming recent challenges.

4(b) Explain how companies like Maruti Suzuki and Bajaj Auto are leveraging exports to address domestic market challenges. Provide an analysis based on insights from the case.
